Prior to this Sanjoy worked as a Chief Operations Officer with Vubites, a part of Rediff.com. Sanjoy holds an MBA from IIM Calcutta and a

ISB ENERGY CONCLAVE

ISB's Energy Conclave will attempt to demystify India's challenges and opportunities in the world of energy by tapping the best minds in India's energy sector. The event will be in a panel discussion format, with every speaker first airing their views on their subject followed by an open house with ISB's students and other attendees. The conclave will begin with the keynote address that will set the tone for the rest of the event.

ABOUT THE ISB

The Indian School of Business (ISB) is a research-driven, internationally top-ranked, management institution that grooms business leaders for India and the world. In a rapidly changing business landscape, this would require young leaders with an understanding of evolving economies and global perspectives. The ISB is committed to its role in creating such leaders through its innovative program, outstanding faculty and thought leadership.
