DEVELOPING HEALTHCARE LEADERS FOR TOMORROW

Healthcare at Indian School of Business

The Indian School of Business (ISB) evolved from the need for a world class business school in Asia. Our founders – some of the best minds from the corporate and academic worlds – visualized the leadership needs of emerging Asian economies, while preserving a global perspective.

Healthcare management has evolved into a dynamic and complex field with an ability to create various employment opportunities as the industry continues to grow. ISB has rigorously promoted education, research and development of healthcare management, which has culminated in the “Max Institute of Healthcare Management” – starting in 2012.

About the Profile Book:

This profile book brings to you profiles of some of the best suited people for the Pharmaceuticals and Healthcare sector. ISB students featured here come from diverse backgrounds like Pharmaceutical Marketing, Strategy, Clinical Research, Technology, Medicine, Hospital administration, Insurance and Consulting. Armed with an MBA from ISB, these students are on their way to become future leaders in Healthcare space.
