ISB leadership summit from Dec 2

The ISB leadership summit (ILS 2011), the annual flagship event of ISB's Graduate Student Association, will begin from December 2 at Hyderabad. With theme 'India: At an Inflection Point' for this year, the two-day event will see business leaders from across fields as key speakers. Ajit Rangnekar, dean, ISB, said, "The ILS, as a forum connecting leaders of today with leaders of tomorrow, represents ISB's commitment to grooming future leaders. ILS has grown to become a potent meeting ground for thinkers from varied walks of life, and ISB students, on topics pertinent to contemporary business and leadership." ILS started in December 2003, and this year it would coincide with the tenth anniversary of the school.
