### **About ISB**

ISB is a not-for-profit, independent, research-driven, global business school with two campuses located in Hyderabad and Mohali, India. A collaborative effort of eminent business leaders, entrepreneurs, and academicians from around the world laid the foundation for the school. In the year 2001, the school launched its first one year Post Graduate Programme in Management (PGP), equivalent to the 2-year MBA Courses offered by premier Business Schools in India. The Indian School of Business is one of the youngest schools to have consistently been ranked among the top business schools globally by the Financial Times Global MBA rankings since 2008.

ISB has a unique portfolio faculty model which accommodates a mix of accomplished resident faculty who have graduated from the best universities, primarily in the USA, Europe, Singapore and India, and have published in leading academic journals in their respective fields, and visiting faculty from our associate schools, namely the Wharton School, the Kellogg School of Management, the London Business School, and MIT Sloan School of Management as well as other leading business schools.

ISB has a tenure system like the top schools in the United States and is an equal opportunity employer. The compensation and teaching loads are competitive. The research support includes excellent infrastructure, research funding, and research assistance, which compare favorably with those at the best business schools in the United States and Europe. As an institution aspiring to be counted among the top 10 in the world, ISB offers a unique opportunity for its senior faculty members to exert considerable influence over the culture and ethos of the school.
