Challenges of being an Industrialist: Trends and developments in the pharmaceutical and life science industry - and Merck's response

A Talk by
Dr Frank Stangenberg-Haverkamp
Chairman, Board of Partners and Vice Chairman, Executive Board of E. Merck KG

Pharmaceutical industries worldwide are undergoing rapid changes and global leaders such as the German pharmaceutical giant Merck is also re-strategising to respond to these challenges and opportunities.

This is an opportunity to listen to one of the leaders of Merck and understand how strategy gets shaped in such an organisation.

Dr Frank was elected to the Board of Partners of E. Merck KG in 1984 and has been the Chairman of the Board since 2004. He has been Vice Chairman of the Board of E. Merck KG, the Holding Company of the Merck Group, since 2002 and Vice Chairman of the Family Board of E. Merck KG since 2004.
